FOR IMMEDIATE RELEASE

## **GATEWAY ENERGY HELPING PENNSYLVANIA JOB-SEEKERS**

MONTEBELLO, NY – Gateway Energy Services is offering support and encouragement to job-seekers in Northeastern Pennsylvania by holding two job fairs and a résumé-writing workshop.

On Tuesday, April 13, Gateway will attend The Mohegan Sun Arena at Casey Plaza Job Fair from 10 a.m. to 6 p.m. The event is hosted by the Greater Wilkes-Barre Chamber in collaboration with the Greater Scranton, Hazleton and Pittston Chambers of Commerce, the Great Valley Technology Alliance, the Lackawanna County and Luzerne/Schuylkill County Workforce Investment Boards and The Times-Tribune, The Citizen's Voice and The Northeast Business Journal. Attendees will have the opportunity to meet with potential employers as well as attend workshops.

Gateway recruiter George Bellog will hold a résumé-writing workshop at the job fair to offer job-seekers tips and tricks for landing the interview. During the 45-minute workshop, he will:

- Go over sample résumés to show what works and what doesn't
- Discuss the parts of a good résumé, from content, order and length, to style and formats.
- Discuss cover letters, their usage and content.
- Discuss why you should have various versions of your résumé.
- Discuss what not to include on your résumé, such as personal information
- Moderate a question-and-answer session and provide feedback, including helpful Web sites.

Also on April 13, Gateway will host a Job Fair from 3 to 7 p.m. at its satellite office at 190 Welles St., Forty Fort. The energy marketer is hiring approximately 15 experienced Outbound Telemarketing Sales Representatives (OTMs) and Residential Sales Representatives for the Allentown, Scranton and Wilkes-Barre areas. The hiring is the latest step in Gateway's commitment to do its part to help bring the economy back from crisis. Gateway had previously announced that it would create up to 100 new jobs by the end of the year. So far, the company has hired 49.

Gateway began offering power to customers in the PPL service area on January 16, resulting in the most successful launch in its 12-year history. Gateway offers a competitive fixed-rate plan, available through the end of 2010. It also offers one- and two-year fixed-rate plans, as well as a variable-rate plan that reflects market prices. The company received its Pennsylvania license to sell natural gas and plans to add UGI's service areas to its footprint in the near future.

### **About Gateway Energy Services**

Gateway Energy Services Corporation, based in Montebello, Rockland County, N.Y., is one of the largest independent retail energy suppliers in North America, providing natural gas and electricity to thousands of residential and business customers in more than 30 deregulated energy markets across eight states, the District of Columbia and Ontario, Canada. Founded in 1997, Gateway Energy provides competitive energy products to consumers giving them more control over their energy costs. ([www.gesc.com](http://www.gesc.com))
